

## Support Donation Items List

The following are all items needed to get to the race.

*“Read through and select something of interest to you. This can be anything on the list or even sometimes items not on the list. Eg are flier miles for flights, specialised services, space, time, skills and more. I especially am all about upcycling and acting in accordance with being environmentally friendly.*

*It is a big journey from here to there, the GGR2022.*

*Every bit helps*

*Thank You!*

*Kirsten”*
